## Community Meeting #2

MidPen held its first a community meeting on 12/11/2021 to introduce future affordable housing developments planned for two sites in the Hayes Valley/Civic Center area, on Turk Street and Golden Gate Avenue between Gough St. & Franklin St.

We are excited to hold a second community meeting on **Saturday, May 14th from 10 AM - 12 PM** to share our early conceptual designs for the projects and get your feedback.

MidPen invites you to meet with our team and provide your input. Refreshments will be provided and children are welcome.

## Stay up to date!

## Your Input Matters

Your opinions are important to MidPen and we are committed to listening to you. The focus of the second community meeting will be to present our conceptual designs that incorporate the feedback you gave us in December, and to collect your new ideas and feedback which will help us further develop the projects' proposed plans and designs.

MidPen will continue to engage the community as we further develop our plans.
